

Savoir Faire Marquees

Qdos Event Hire is enjoying a long standing relationship with one of Hertfordshire and West London's premiere marquee and event management providers, Savoir Faire. They have been providing their luxury, fresh water, vacuum toilet trailers to the company who specialises in weddings, parties, product launches, team building and lots more.

Savoir Faire prides itself on delivering high end, quality marquees so selecting the correct third party suppliers to complement their own offering is of the utmost importance, making Qdos the natural choice for WC facilities. Qdos provides luxury fresh water flush toilet facilities using the latest vacuum technology. Their spacious units offer a contemporary environment with a high quality finish and are available in a variety of sizes to suit most events.

Venues and events that Qdos has supported Savoir Faire with over the last two years include Amersham Cricket Club, The Belfry, NSPCC and Coworth Park.

"Qdos has consistently provided us with luxury toilet trailers for the last two years. I've never been disappointed with either the quality of kit supplied or customer service received. I very much look forward to continuing our successful working relationship."
Richard Hall, Savoir Faire
